SAIRA KHAN

Digital Health | Systems Analysis | AI & Health Technology

Guelph, ON | 647-989-5426 | imamsaira@hotmail.com | **linkedin.com/in/saira-khan-2406a44b**

SUMMARY

Final-year Digital Health student at Mohawk College with systems analysis and AI experience from Min2Cloud, where I gathered requirements, built AI agents in Microsoft Copilot Studio, and worked on software development and testing. Led a student team redesigning a hospital's paper-based emergency surgery booking process. Brings eight years of Canadian banking experience advising clients, working in a regulated environment, and training colleagues on new digital tools.

SKILLS

Digital Health & Interoperability: FHIR, HL7, DICOM/PACS, telehealth, remote patient monitoring, health enterprise applications

Systems Analysis & Design: Requirements gathering, use cases, UML activity diagrams, system context models, workflow redesign, technical documentation

AI & Automation: Microsoft Copilot Studio, Microsoft 365 Copilot, AI agents, Microsoft Foundry, OpenAI, Claude

Development: C#, Java, JavaScript, React, React Native, Next.js, SQL, unit and integration testing

Privacy, Safety & Research: PHIPA, HIPAA, patient safety and risk management, TCPS 2 research ethics

Data & Delivery: Power BI, Tableau, statistics, Agile, Jira, ServiceNow, Figma, user-centred design, change management

EXPERIENCE

Systems Analyst | Min2Cloud **May 2025 – Jul 2026**

Full-time summers, part-time during studies

- Gathered requirements in client meetings and turned them into technical and design documentation for software projects.
- Built AI agents in Microsoft Copilot Studio and worked with Microsoft 365 Copilot to automate business workflows.
- Wrote code with unit and integration tests and documented software architecture.
- Worked in Agile sprints with regular code reviews.

DIGITAL HEALTH PROJECTS

Emergency OR Surgical Booking & Prioritization System | Brant hospital project **Student Team Lead**

- Led a student team redesigning a paper-based emergency surgical booking process that relied on pink surgical slips filled out by physicians and residents.
- Designed a digital booking and prioritization workflow with a shared dashboard so nursing, diagnostic imaging and other departments could see case status, urgency and surgical priority.

Medication Adherence System | Mohawk College

- Designed a solution covering medication scheduling, reminders, adherence monitoring and healthcare-provider workflows.
- Produced the requirements, use cases, activity diagrams, system context model, project plan and risk assessment.

VitaMind – Student Mental Health Support App | Mohawk College

- Designed a prototype for students to log their mood, track changes over time and reach support features.
- Built the user experience in Figma, including college-account sign-in and a trusted-contact alert.

EMS Location Finder | Mohawk College

- Built a React Native app that maps EMS stations and incident information using geolocation data.

BANKING & BUSINESS EXPERIENCE

Financial Advisor | Royal Bank of Canada, Georgetown, ON **Apr 2019 – Dec 2021**

- Advised personal and business clients and trained colleagues on new products and digital platforms.
- Grew revenue 20% through relationship management; shared what worked with other advisors.

Financial Advisor | Scotiabank, Oakville & Guelph, ON **May 2017 – Apr 2019**

- Prepared client reports with analytical tools to support needs-based financial advice.
- Grew revenue 10% through cross-selling.

Earlier Roles | CIBC, Microline Inc., Jean Express **2008 – 2015**

- Banking, customer service, accounting and retail management roles. Handled about 120 calls per shift against a 60-call target at CIBC, automated invoicing and cut costs 12% at Microline, and grew store revenue 18% at Jean Express.

EDUCATION

Honours Bachelor of Digital Health | Mohawk College, Ontario **Expected 2027**

Relevant coursework: Health Architectures, Standards & Interoperability; Health Enterprise Application Development; Telehealth & Remote Patient Monitoring; Health Privacy Administration; Patient Safety & Risk Management; Software QA & Testing; Change Management

CERTIFICATIONS

TCPS 2: CORE 2022 Course on Research Ethics, Panel on Research Ethics (2026) | UI/UX Design Certificate, IBM | Enterprise Design Thinking Practitioner and Co-Creator, IBM | Financial Planning II (2023) | Professional Financial Services Advisor, PFSA (2019) | Canadian Securities Course, CSC (2015)
